

## Registry of coaches

27/03/2013

This is a list of registered coaches for the Healthy Food Association

Coaches simply file their details with me by emailing me [colinaustin@bigpond.com](mailto:colinaustin@bigpond.com) and I place on this registry. The coach is totally responsible for the accuracy of information provided; I am simply providing a means of bringing coaches and users together.

Any commercial relationship is strictly between the coach and member.

This is the provisional publication of the registry showing the format that coaches are advised to adopt. The registry will be updated as coaches provide the information.

N.S.W [Queensland](#) SA Victoria WA NT

### Sample coach entry

#### Queensland

##### Name

Colin Austin

##### Address

55, Kookaburra Park, Gin Gin Queensland 4671

##### Telephone

07 4157 2278

##### Experiences and qualifications

Engineer, developed the Moldflow technology, built up one of Australia's leading exporter of technical software and was world recognised as a leader in computational fluid flow

Started research into soil regeneration in the 1970's and developed the wicking bed technology in the 1995.

I have had a triple by pass and my wife Xiulan has diabetes so we have a mutual interest in healthy food

##### Wicking beds constructed

Has made a range of wicking beds from boxes, open and closed beds and wicking furrows and is now experimenting with the sponge bed for large scale use.

*Small scale wicking boxes*

*Sponge bed for reconstituting soil*

### **Services offered**

General advice on wicking bed construction and use, provided on the internet. Free of charge

### **Products offered**

Bio-packs - combination of hot plant for mycorrhizal fungi, worm eggs of selected varieties for soil regeneration, and micro-nutrients. Price \$25

Small wicking bed boxes incorporating bio-packs and selected plants \$40
